A Chara,

I, William J. McGuire, write to extend our warmest congratulations to you on your Inaugural Address of January 20th, 2025, and to your confirmation as the 47th President of the United States of America, your 2nd Term of Office.

It goes without saying that the promulgation of January 20, 2025, is most impressive, and was very well delivered on the day in question, to the People of America, and beyond, by your Good Self.

All of us in the Sovereign Nation State of Éire are encouraged and enamoured with your statement that “*..sovereignty will be reclaimed*”, and we are confident and trustworthy in your ability to “*..restore fair, equal, and impartial justice under the constitutional rule of law*” within your current leadership.

Our mutual Nations have a long history of common respect and shared recognition. From the era of St Brendan the Navigator, and the Spiritual Journey of the 6th Century, through the times of Patrick Maguire, the Sovereign Seafarer, and his leading the landing for Christopher Columbus in the 15th Century, and we must never forget the many who landed at the shores of your Nation in despair in the 19th Century, and whose descendants have since become part of that proud demography of Irish Americans.

There is of course also the intriguing connection with 17th March, St Patricks Day, when in 1858 the Irish Republican Brotherhood was founded in Dublin, in tandem with the establishment of the Fenian Republican Brotherhood in New York, the enzyme which demands that Ireland and America celebrate that particular day in style, and forever more!

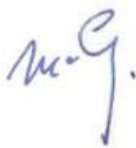

With Irelands Independence Day of January 21st, 1919, conjoining with the significance of January 20th in America, we greatly look forward to working with our neighbours, and fostering relations through your Office, as we advance the United Cause to deliver Sovereignty and Constitutional Law for the American People and the People of Ireland.

Go mbeannaí Dia

Sovereign President of the Irish Republic & Éire

Vice-President
