1. Meeting preface.

Having re-stated its authority and mandate derived from Ireland's only 32-county election in 1918 in which I.R.B. Sinn Féin won 73 of the 105 seats and through Executive Orders 2282, 4291 and 24-06-07 and in consonance with Principle 18 of the Programme of the Brotherhood and Articles 19 and 20 of the Sovereign Constitution of the Republic of Éire, a meeting is called for the establishment of an Economic Council for the nation State. The Principle and Articles are read aloud by John-Declan F. The importance of the of the reactivation of the nine (9) seals on Friday 5th July 2024 of the Departments of the first Sovereign Dáil Éireann (21-01-1919) is reiterated. The Oaths and Seals taken that day come with responsibility for the proper management of the territory of the sovereign Republic of Éire and all her assets therein and thereof for the People of Ireland.

As per Article 19 of the Sovereign Constitution; The National Economic Council shall consist of Delegates representative of the various industrial and economic interests of the Republic, and the number of Delegates from the Employers and the Employed shall be equal.

Given its nature, the composition of the Economic Council should also encompass the seal holders of the nine (9) Departments. The purpose of the Economic Council is to instruct the corporate Government bodies on the proper management and administration of the assets of the nation-state of Éire on behalf and for the benefit of the People of Ireland.

1. Seal of the President of the Executive Council

With the establishment of the Executive of the National Economic Council, there is a requirement for a seal for the President of the Executive to be used on financial instruments for the sovereign People of Ireland. While taking into account the nascence of the Economic Council and its requirement for growth in the future but for the present recognising the crossover between the Supreme Council and the Executive Council, it is fitting that the seal of Commander-in-chief of Óglaigh na hÉireann be the seal of the President of the Executive of the Economic Council. In recognition that Óglaigh na hÉireann was founded in 1914 to protect and defend the sovereign territory of Éire and her assets therein and thereof, it is only right and just that Óglaigh na hÉireann be present on financial instruments.

The United Nations Declaration on the Rights of Indigenous Peoples will reinforce the establishment of the Economic Council as a right of the Indigenous People of Ireland to self-determination and the government and administration of their territory and assets. It is proposed and noted that the Glossary of Terms will be updated to include a definition of the term “indigenous” concerning the People of Ireland.

Meeting closes at 18:30:55 IRT/18:55 BST
